

Customizable kiosks that offer everything your customers want!

APM Photo Kiosks

Standard or EQ Pro Software

All APM Photo Kiosks Include

APM Creative Collections Plus & Starter Template Set

Simple greeting card sets you can add to either by creating your own or by purchasing additional template packs from Lucidiom. Creative Collections works with both single and multiple image templates.

Standard Print Products

Prints & enlargements in various sizes, Image CD, Image DVD, index prints.

APM Passport

Easy for your customers or for your staff to create to-spec passport photos on the APM.

APM Scanning

Allows customers to easily convert prints to digital and makes copies at the kiosk. Works with most popular flatbed scanners.

EQ Gifting

With Lucidiom as the single point of contact for tracking and invoicing, offering 700+ gifts from over 20 vendors is simple! Products include old favorites like mugs and t-shirts, unique items like plates and blankets, and now print items like posters, books, calendars, cards and notepads. Sign-up and setup required.

PhotoIQ

Image enhancements, cropping, red eye correction and more.

Printer Flexibility

All APMs are printer independent, which means they can connect to any brand of minilab, inkjet, dye sublimation or laser printer.

The Power to Customize Your Kiosk!

You can **brand the APM kiosk with your logo** and your custom products and service. You can also change the interface colors, looping attract movie, and even the graphic that is around the monitor. That isn't something you can do with other kiosks. The consumer knows the APM as your kiosk, not Lucidiom's — this goes a long way for retailers in attracting and retaining a loyal customer base. Our two APM kiosks are available in both Standard and EQ Pro and both have an extra bright 17" screen, which can be angled up or down, and inside — the fast Core 2 Duo processor, lots of RAM and a big hard drive make these kiosks **powerful pieces of equipment**.

STANDARD APM Photo Kiosk

(See reverse)

EQ PRO APM Photo Kiosk

(Includes Standard features plus Luci/Folio Creative)

Lucidiom has developed a solid base of over 2500 creative products and designs, including posters, layouts, books, calendars and cards. We are in constant development of new product types to offer customers through the kiosk. As well, the architecture of the kiosk is open... this means that you can expand your product line to fit your market by adding your own custom content and products to the kiosk.

EQ Pro APM Includes:

- **Standard APM Features**
- **Creative Print Products** (scrapbook pages, posters, photo cards...)
- **Double-Sided and Multi-Page Products** (photo books, flip books, calendars, folded cards, notepads, envelopes, plus any custom products you add... all with autofill or manual fill...)

Optional Add-Ons:

(for Standard or EQ Pro APMs)

- DVD Cinema
- APM Stack Scanner & License
- Magnetic Stripe Reader
- Bluetooth
- APM Order Agent
- DVD Burn at Kiosk License
- Kiosk-Web Access Service
- Kiosk Membership Service
- Kiosk Remote Pricing Management
